Arrival at office of exchange:

Customs clearance times:

Plant operational unloading procedures may add an additional 72 hours after receipt of container on Surface OE property. This may need to be added to the time frames presented. Also note that all parcels items are subject to Customs inspection: any items receiving a "D" scan needing to be retained under customs control would be scanned into Customs with an E event, and given an F scan upon for their release for postal processing inspection. The service standard for items receiving Customs inspection is calculated based on the appropriate delivery zone and the day and time the item is released from Customs. Items released after 1700 receive the delivery standard stated in the time segment 1101-2400.

Items subject to customs duty:

48 hours + (var.)

Items not subject to customs duty:

24-48 hrs (var.)
